

# SCHOOL BUS TRACKING

Technology helps ensure children's safety

**Arrival status:** Receive a notification on bus arrival status at pick up point

**Real-time Tracking:** Stay updated on a child's current location

**Route deviation alert**

**Replay route taken** by the school bus

**Geo-fencing notification** on school bus leaving defined area

**School arrival and departure notification**

**Overspeeding SMS alerts**

**School Bus Tacking ensures both school and parents get the technology to ensure the safety of children and operational efficiency.**
